SAP Professional Fundamentals

Understanding the Enterprise Systems Environment

SAP Customer Engagement and Discovery

Designing an SAP Solution

Implementing an SAP Solution

SAP Technology Consultant Hands-on Project

Becoming an SAP Professional

Jul 14, 2024

MICHEL MERAЕ

has successfully completed the online, non-credit Professional Certificate

SAP Technology Consultant

Congratulations! You have successfully completed this program and you are now ready to launch your career as an SAP Technology Consultant with SAP or one of SAP's partners. You have learned about project management methodologies and have gained consulting skills such as requirements gathering, stakeholder interviewing, client communication, client analysis, and solution design. You have applied these skills to a comprehensive case-study and have evidence to support your applications for your new role.

Certificates

Google Data Analytics

Those who earn the Google Data Analytics Professional Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in Data Analytics. They are competent in tools and platforms including spreadsheets, SQL, Tableau, and R. They know how to prepare, process, analyze, and share data for thoughtful action.

3 Courses

Supervised Machine Learning: Regression and Classification

Advanced Learning Algorithms

Unsupervised Learning, Recommenders, Reinforcement Learning

Oct 13, 2022

MICHEL MERAЕ

has successfully completed the online, non-credit Specialization

Machine Learning

Congratulations on completing all three courses of the Machine Learning Specialization! You studied modern machine learning concepts, including supervised learning (linear regression, logistic regression, neural networks, decision trees), unsupervised learning (clustering, anomaly detection), recommender systems, and reinforcement learning. You learned some of the best practices for building machine learning models. You've also gained practical skills to apply machine learning techniques to challenging real-world problems. Now #BreakIntoAI and start building your career in machine learning!
